

Combined Lab X-Ray Technologist

Arrow Lakes Hospital

A permanent part-time 0.85fte Combined Lab X-Ray CLXT opportunity is available in beautiful Nakusp, B.C! Relocate to one of western Canada's most beautiful locations and discover envious career and lifestyle opportunities in the West Kootenay area of southern British Columbia.

With this opportunity comes eligibility for a \$10,000 signing bonus as well as a generous relocation allowance

About the job:

The Combined Laboratory X-Ray Technologist performs a variety of routine laboratory, x-ray and ECG procedures in accordance with departmental policies, procedures and standards as defined by respective service and accrediting bodies. Performs routine and preventative maintenance of equipment and trouble shoots equipment problems as required. This position is predominantly assigned to the Laboratory.

About this location:

The Arrow Lakes Hospital is well equipped and maintained Level 1 Community site in the Kootenay Boundary health service area, situated on a popular tourist route between Nelson and Vernon. The hospital offers many services including 6 acute care beds and a busy Emergency department with a helipad onsite.

Qualifications:

Graduation from an approved Combined Laboratory X-Ray Technician program. Eligible for registration with a provincial licensing body.

One year of general experience in both laboratory and diagnostic imaging fields or an equivalent combination of education, training and experience.

Additional education and training in Transfusion Medicine is considered an asset.
